THROUGHOUT our Nursing education, the days
have been made more pleasant by the benevolence of the

And so in appreciation of their helpfulness, inspiration
and unceasing efforts for our benefit, we, the Seniors of 1950,

“THE FLORENCE NIGHTINGALE PLEDGE”

I solemnly pledge myself before God
And in the presence of this assembly
To pass my life in purity and to practice my profession
faithfully.
I will abstain from whatever is deleterious and mischievous.
And will not take or knowingly administer any harmful drug.
I will do all in my power to elevate the standard of my
profession,
And I will hold in confidence all personal matters committed
to my keeping,
And all family affairs coming to my knowledge in the practice
of my profession.
With loyalty will I endeavor to aid the physician in his work,
And to devote myself to the welfare of those committed to
my care.

CLASS PROPHECY

Five years have elapsed since we took off the blue and white uniforms of student nurses of C.M.H. A class reunion to be held in five years was planned at that time, and now the time has arrived.

The setting of this great occasion is none other than that of the Out-Patient Clinic of our old Alma Mater.

I see that all of the guests have arrived, so now let us find out what good fortune Father Time has bestowed upon the unsurpassed twenty-eight.

Here are Frances Bass, Ginny Brown, Gay Nell Hoffman, Carmen Cook and Martha Matthews in a grave discussion. Remember way back in 1949 when they cussed and discussed intakes and outputs on fifth floor? It's junior's intake and output that takes up their time these days. Joining in the conversation is Major Susie Riddle, wearing a uniform of an army nurse. She can't add much to this domestic conversation, but her experiences in France make good listening any time.

A carrier pigeon just arrived with a note from Sister Shirley White. To my surprise I find that she is a medical nurse way out in the deep, dark wilds of Mecklenburg County. I always knew that she would make something of her nursing education, but I never thought that she would turn native to do it.

A familiar S. C. accent rings in my ears. Frances Dean and Vera Nunnery are trying to make up for lost time by both talking at once. Frances is happily married and living in Whitmire, while Vera has become supervisor of second floor. C.M.H. is well staffed with nurses from our class. Marie Crone is head nurse on fifth floor, while Esther Cowsert still keeps the kids on pediatrics in line. Lil Fairfax and Doris Kelly have taken over the sewing room in the basement. Ellen Young is the assistant to Miss Patt in the soda shop. Saw her and Dr. Pitts having a coke the other day. Dottie Camp is in charge of the clinic. We knew that was where she would end up. She spent half of her student days there.

Mary Ann Selzer has become a professional mourner for a local funeral home. She likes to be near His work. Audrey McKay was recently elected president of the ANA, NLNE, and the ABC Board. She always was a leader.

Mary Neal Gwaltney and Roma Saunders have become superintendents of nursing in a hospital in Statesville. They have written a sequel to the Brown Report. Ruby Carter has opened a rest home for worn out nurses and keeps quite busy. On her staff we find Eddie Russell, Gladys Evans, and Doris Oliver.

Doris Little has gone on the stage with her world famous Torrence Burlesque Show. P. Brannock is her manager. Nursing was also too tame for Sue Clawson. She is now the "World's Greatest Lady Weight Lifter." She tells me her secret is Hadacall. Flo Ramsey is district saleslady for this product.

After talking to each of the members of the class of 1950, we can see that they are reaching their goals in life and we are proud of each and every one of them. What will our reunion in 1960 reveal? Time will tell.

CAROL DE CASTRIQUE, *Class Prophet*

CLASS HISTORY

It hardly seems possible that it was only three short years ago that we came to good ole Charlotte Memorial Hospital to become nurses. Little did we know then what the next three years held in store for us.

It was on September 1st, 1947, that we arrived fresh out of high school and a few from college. We got down to work almost immediately. Those Pre-Clinical days were wonderful with Dr. Reid's Anatomy class and "Mrs. Wiggs of the Cabbage Patch" to boot. It was an eventful six months, the thrill of our first uniform, the scary feeling the first morning on the halls, the excitement of the Christmas party and dance. Then, the long awaited day finally arrived when we donned a cap for the first time. We had lost some along the way and were to lose more, but no one thought of anyone but herself that night.

Time flew and we found ourselves the proud possessors of one black stripe . . . WE WERE SENIORS. The most exciting change in our student life was the Psychiatric Affiliation. At the time many of us hated to leave; however, realizing what a great opportunity we had before us, we tried to do our best in Torrance, Pa. So different from the nursing and social life we knew. We'll never forget the big city of Pittsburgh, the Blair Hotel, Saturday dances, taking the patients to the movies. All these things and many more will constantly remind us of the wonderful time and experience we had.

Many changes took place during our three years. Our Student Government really began to function. We all became charter members in the State Organization which was founded in 1949.

Every class has a sponsor but we were lucky in having two wonderful women to help us. Mrs. Iris Large was with us for one year and a half. We were very sorry to see her leave but felt very proud to find Miss Mary Louise Spratt to replace her.

Who can ever forget the basketball games, baseball with the interns, digging in the garden, working night duty, Christmas parties, all the dances, changing floors, those little invitations to the Nursing Office, curiosity about the new interns and dozens of little things. We never will, nor will we forget the people who have helped us be what we are today. We thank them wholeheartedly.
